A place for preparedness.

15 days for one person. Four kit levels. Two meal formats. A compartmentalised rucksack with modular food storage and a heating system.

A guide to the owner-supplied October 2026 catalogue—not a final purchase specification, nutrition certification or confirmation of public stock.

Choose your kit level.

Basic

Core meals, tea, biscuits, utensils and organised storage.

Classic

The Basic foundation, plus soups and peanut-gur chikki.

Special

Classic, plus energy / protein bars and a first-aid kit.

Premium

Special, plus water treatment, hygiene, emergency, outdoor and power modules.

Choose your meal format.

Retort pouch

Cooked, shelf-stable curry, rice and roti. Eat directly or warm with the included heating system.

No rehydration needed for the meals.

Freeze-dried

Dry curry, rice and noodles, with soups in the higher tiers. Lower food weight than equivalent ready-to-eat wet meals.

Clean water is required to rehydrate. Follow each pack's instructions.

Know the coverage.

All eight catalogue configurations are specified as 15 days for one person, not a family or household. Daily calorie totals and final nutritional adequacy remain to be confirmed. A 30-day configuration is not documented in this catalogue.

Eaton's owner states a three-year food shelf life. The catalogue does not document that claim. Follow final component-specific storage and expiry guidance; this does not apply to every medicine, battery or support item.

What the catalogue lists.

Retort foundation.

- 30 curry pouches · 200 g each
- 15 rice pouches · 250 g each
- 15 roti packs · 4 rotis / 160 g per pack
- 15 tea servings
- Biscuits · approx. 800 g

Freeze-dried foundation.

- 30 individual curry portions
- 15 individual rice portions
- 15 individual noodle portions
- 15 tea servings
- Biscuits · approx. 800 g

Higher kit levels add.

Classic and above

15 soup portions and 15 peanut-gur chikki packs (approximately 25 g each).

Special and above

15 energy / protein bars and first-aid support. Exact first-aid contents are not yet confirmed; no specific medicines are promised.

Premium

Water-treatment, hygiene, emergency, outdoor, power and documentation modules. See the next page.

Heating and packing.

- 2 heating-box sets
- 1 plate, 1 mug and 1 spoon
- Modular food storage boxes and backup ziplock packs
- Rucksack · approx. 55–60 L capacity

Basic lists 75 heating elements; Classic, Special and Premium list 90. Each element is 50 g. Follow approved instructions; heating time, water requirements and safe-use guidance will be confirmed before purchase.

These are catalogue quantities, not a guarantee of daily calorie adequacy or a final shipment. Rucksack capacity is not packed weight. Final food labels, packed weights and preparation instructions must be reviewed before buying.

A little clarity before you choose.

Premium support.

Water treatment

Purifier, purification tablets, TDS meter and test strips. A treatment system, not a supply of drinking water.

Personal hygiene

Toothbrush, toothpaste tablets, soap sheets, sanitiser and wipes.

Emergency essentials

Torch, whistle, glow sticks, signal mirror, fire starter and visibility vest.

Outdoor protection

Rope, poncho, thermal blanket and all-weather bedroll.

Power

5–10 W foldable solar panel, power bank, USB cable and batteries.

Field information

Instruction manual, emergency cards and a document pouch.

Familiar menu examples.

Curries: Chana Dal Lauki · Baingan Bharta · Dal Palak · Dal Tadka · Palak Corn · Sambar · Mixed Vegetable · Kadhi Pakora · Vegetable Korma · Aloo Matar.

Soups: Moong Dal & Vegetable · Lauki Moong · Vegetable · Tomato Basil · Carrot Ginger · Pumpkin & Moong · Palak Moong.

Assortment varies by kit and is not a guarantee that every recipe is included. Some catalogue items contain peanuts; complete ingredient and allergen declarations are still to be confirmed.

Before purchase: confirm final contents, nutrition and calories, ingredients/allergens, packed weight, water/preparation requirements, storage and expiry instructions, price, availability and delivery terms. Water bottles and exact first-aid contents remain unconfirmed. Water treatment is not stored drinking water.

A launch-interest enquiry records your preference only. It is not a paid order, guaranteed allocation or delivery promise. See eaton.world for the current launch status.
